

Mercedes-Benz

service information

TO: OUR MERCEDES-BENZ PASSENGER CAR DEALERS

DATE: April 1992

REF. NO. MBNA 82/59

SUBJECT: MODELS 124, 126, 140, 201
HIGH MOUNTED STOP LIGHT HOUSING RUBBER SEAL NOW AVAILABLE
SEPARATELY

When removing the center high mounted stop light housing, it is possible that the rubber seal will stick to the rear glass and tear on vehicles operated in hot climates. To avoid the need to replace the entire stop light assembly, the rubber seal has been made available separately.
